PE and Sport Premium Funding Statement

2019-20

ISAMBARD BRUNEL JUNIOR SCHOOL

PE and Sport Premium Funding 2019-20

In April 2013, the Government announced new funding of £150 million for physical education (PE) and sport. This funding is ring-fenced and schools must spend it on improving the quality and breadth of PE and sport provision.

The funding for this academic year (totalling £19,020), will be used to develop a variety of provisions within the school. This will include a remodelling of the outdoor areas and playground to encourage children's engagement with physical activities and therefore support their health and sense of well-being.

Development of our outdoor space, will encourage independent and co-operative learning experiences through positive play, supporting physical and psychological well-being. This aligns well with one of our school vision to encourage collaborative experiences in order to support team work and strategic thinking skills.

Our Sports Premium will also be used to continue to develop lunchtime and after-school clubs to encourage less-active children to take up physical activities in their own time, by introducing them to a variety of sports and team games throughout the year, including football, basketball and athletics.

Part of the funding will be used to provide specialist coaches to model high quality PE lessons for children throughout the curriculum. Children will also have an opportunity to work with these coaches to begin to develop their own leadership skills. This will allow children to organise lunchtime sports events which aligns with our school value of becoming a responsible citizen.

These provisions will also help staff and children to develop and embed the 'Real PE' curriculum which aims to improve agility, balance and coordination. It intends to give all children the physical literacy, emotional and thinking skills to achieve in PE, sport and life.

Our funding will also be used to ensure children have the opportunity to participate in inter-school and intra-school tournaments and competitions throughout the year, where we will work towards our Silver Schools Games award.

All children's sporting achievements, whether in school or out of school, are celebrated in assemblies to encourage all children to participate in sport and to promote a healthy lifestyle.
